03-18-2010

EPSB:

On March 16, 2010, the Boyce Council on Teacher Education (CTE) convened in special session to consider discontinuation of the Boyce Integrated Music Education P-12 degree program. The vote was unanimous to discontinue any further plans to implement the program as part of the Boyce teacher preparation unit.

The Boyce teacher preparation unit, therefore, presents only the Elementary Education P-5 degree program for "Approval to Admit Students". All documentation resubmitted for review by EPSB contains only that relevant to the Elementary Education P-5 degree program.
